

Electro Force Series

Perfect for:

Shopping centers • Manufacturers • Schools • Marinas • Food Processors • Warehouses • Hospitals • Chemical Processors

*The Electro Force Series
combines portability, durability
and the quietness of electric power
to handle demanding jobs.*

CONTROL PANEL

Stainless steel front panel with heavy-duty motor controls, four color-coded spray nozzle holder and easy to read safety instructions.

PRESSURE CONTROL ASSEMBLY

Heavy-duty mounting of pressure regulating valve eliminates fitting fatigue failure found in other manufactures.

HOSES

Industrial 50' high-pressure hose with quick disconnects and heavy-duty adjustable detergent injector
